Committee Appointed To Plan Skating at Antioch Lake Soon

Other Groups Join Legion In Favoring Recreation Place

Wide approval of the plan to provide community skating at Antioch Lake, caused Cmdr. Dan Lightsey of the American Legion to go into action in appointing a committee on arrangements.

The committee comprises Oscar Onstad, chairman, Roman Vos, William Vos, Edward Frazier, Jordan Wald, William Brook, and Elmer Eberman.

"We got a big response from our inquiry," said Cmdr. Lightsey.

Governor Les Nelson said he had discussed the matter with the Moose lodge and members favored it, and President George Borovicka, president of the Chamber of Commerce said he was sure the business men would approve of it.

President Ted Larson of the Lions Club said the matter would be brought to the attention of the directors, but it would be the task of the new president, Harold Cardiff to execute any order the board might give in the matter.

The lake already is frozen over and all that will be needed is to put up a shelter and install lights.

"We ought to have the place ready for skating by shortly after New Year's," commented Lightsey. The rink is expected to be as popular for adults as for the young people.

New Officers of Villa Men's Club to Ponder Larger Scope Activities

The Lake Villa Men's Club will be asked by the new president, Don Summers, to give consideration to enlarging its scope of activity during the coming year.

The growing village is receiving problems such as would be taken up by Chambers of Commerce or service groups in other larger villages and he will ask the club whether it wants to solve them.

The new officers, besides Summers are George Sebel, first vice president; Warren O. Brown, second vice president; Charles Von Oeyen, secretary; B. J. Hooper, treasurer; Edward Langbein, sergeant-at-arms.

The directors are Vern Blust, George Frolick, John Brandt, Joe Grenus, B. J. Hooper, the Rev. Kenneth Plummer, Ben Moulis, Willard Engle, Delbert Black, Martin Lau, Don Cullimore, and David Findlay. The directors meet at the library the second Tuesday of each month and the club members at the Lake Villa School gymnasium on the first Tuesday of each month.

Oak Park Resident Predicts Cataclysm That Didn't Come Off

An Oak Park woman, Mrs. Dorothy Martin, predicted that cataclysms would engulf the United States Tuesday, but nothing happened and she explained the situation by saying that "intervention on the part of God of earth disaster has been stayed."

Among her disciples was Charles A. Laughhead, who recently was discharged from his position as a professor at Michigan State College because he disturbed students with his prediction of the approach of the end of the world.

The only disturbance, and it was a big one, however, was an earthquake last week that opened up big cracks in the western desert. It was a bigger earthquake than the one at San Francisco in 1906 which took the lives of 700 persons, but because it occurred in an uninhabited area, no life was lost.

The prophecy of Mrs. Martin brought recollections of the time in 1843 when an Avon Township man said that the end of the world was approaching because of an inscription he found on an egg. Another man duplicated the markings on an egg by writing on it in oil and then dipping it in vinegar, thereby exposing the fraud.

High School Continues

With the exception of Fridays, the Round Lake High School is continuing throughout the holidays this year to make up for time lost when the school got a late start because the new building was not ready. It is expected that through the omission of holidays the school will make up four of the six weeks delay.

Sco Line Freight Hits Automobile at Grayslake

Carl Steinbauer, 53, and son, Charles, 8, of Grayslake, were injured Sunday afternoon when their car was struck by a Sco Line freight at the Renshan rd. crossing. The two were among six injured in Lake County over the weekend.

Robert Stroening, 25, of Round Lake, fell under the front wheel of the car of Lloyd D. McRoy, Jr., of Round Lake while he was helping the owner push the car from a ditch on Rte. 21, south of Loon lake. He remained trapped until a tow truck hoisted the car away. His injury was minor.

Two Milwaukee women were hurt Saturday evening in cars which collided on Skokie hwy. near Wadsworth.

Former Antioch Hotel Keepers Observe 50th Wedding Anniversary

Mr. and Mrs. Charles Christian Veigel, former Antioch residents, celebrated their Golden Wedding anniversary at their home, 1337 Chestnut st. in Newhall, Calif., on Nov. 30.

Mom and Pop Veigel were first feted on the Sunday before the anniversary date at an open house given by Mr. and Mrs. Jack Wambold to the Los Angeles and Valley friends. Mrs. Wambold is a granddaughter.

On Tuesday Newhall friends attended the reception at their Newhall home from 7 to 9 p. m.

Miss Clara Dartsch and Charles Christian Veigel were married Nov. 30, 1904 at the Dartsch home, 1020 West 61st st. in Chicago by the Rev. Ray Hattendorf of Emanuel Lutheran church. At the time Mr. Veigel was a baker at the famous old Henricci Cafe. He could only get off duty for the day, therefore there was no honeymoon.

They lived in Chicago until 1910 when Pop took a position as baker in the cafe of the old Hamburger Department store, now the May Co. In 1914 Mom incurred an illness which required surgery, so they returned to Chicago for her operation and convalescence.

They were in Gary, Ind., for two years and then took over management of a summer resort hotel at Lake Marie, Antioch. After operating the hotel eight years they purchased the Antioch hotel and ran it for five years.

California beckoned, however, and in 1926 they went west again going directly to Newhall where Mr. Veigel became associated with his brother-in-law in building and running the Newhall Ice Plant. In 1935 the Veigels purchased the Motor Stage cafe, but in 1942 sold it and started a cafe at Bernite which he operated until the end of the war. He then took lighter tasks at the Circle J. Ranch and Hart High school before retiring at the age of 70.

Pop Veigel is a long-time member of the Saxon society which he served as King in 1950. He is also a member of the Kiwanis club.

Commenting on their 50 years of married life, the Veigels say, "If we had it all to do over, we wouldn't change a thing."

Sales Tax in Antioch For October \$17,831

Antioch's 166 firms paid \$17,831.66 in retail sales taxes during October, according to Richard J. Lyons, state director of revenue.

The total for Lake county's 2,881 firms was \$262,178.

Antioch's total was but \$200 more than Zion with only 137 firms. Only Waukegan, Highland Park, Libertyville, and Lake Forest exceeded this village.

Community Chorus Carols for Mayor McMillen

The community chorus sang carols for Mayor James McMillen at his home recently and then he joined them for the picture. Shown left to right are Fred Yates, Doris Meyerdirk, Lisa Palkani, Elsie Hesser, Mayor McMillen, Florence Eckert, Judi Gieson, Jeanne Hughes, Irene Griffin, Alice Freeman, Shirley Rem and Jeanette Packay.

Sequoits, Undeclared, Crush Glenbrook and Bensenville Bisons

Play Dundee — Richmond Here Next Wednesday in Holidays

Two decisive victories last weekend—one over Glenbrook 80 to 56 Friday evening, and the other over Bensenville 75 to 32 here Saturday evening, demonstrated the power this year of the Antioch Sequoits as leaders of the Northwest Conference.

Because the Antioch News is published a day earlier this week, no report can be given of the game with Dundee here Wednesday night, but a victory for the Sequoits is probable. Dundee always puts up a good game and Antioch is hoping to avoid a holiday slump.

Next Wednesday Richmond will play here in a vacation match. Conference play will not resume until Jan. 7 when Antioch will play at Palatine.

There is one outstanding characteristic of the Antioch quintet this year and that is the balanced scoring threat.

In the game with the Glenbrook Spartans, although Antioch made 80 points, no player made more than 20 points. Coach Scott used 10 players in keeping the score down, and all but one were credited in the scoring column.

Ben Floyd was high with 20 points; Warren (Butch) Brownlee, second with 13; Jack Palmer contributed 12, and Mike Haviland and Fred Clarke made 10 points each.

The score by quarters was: Antioch 19-45-65-80; Glenbrook 12-27-37-58.

In other games in the conference that evening Waukegan beat Bensenville 52-48; Elia-Vernon beat Grayslake 84-26; and Palatine beat Grant 62-54.

Sequoits Rout Bisons

The game with Bensenville here Saturday night was really a rout. Antioch displaying a well-rounded offensive, the Sequoits took command in the first quarter 16 to 7, and continued to pile up a one-sided score the rest of the evening. The score at half time was 39 to 10; at the third period, 57 to 22, and 75 to 32 when the final gun sounded.

Again Scott made many substitutions. This was the twelfth consecutive victory for Antioch in conference play. The Sequoits are averaging 72 points a game which is tops in any suburban conference.

Commenting on the games, Coach Scott said that in the Glenbrook game Ben Floyd played excellently on both the offense and defense. The following night against Bensenville he was a little offside.

Jack Palmer played good games both nights, especially against the Bisons. Fred Clarke did a good job in getting the rebounds in both games. Capt. Mike Haviland played his usual good games, doing a good job of feeding the ball to other players.

The Night Before Christmas

Allendale Boys Give Christmas Party for Men at Basil Home

Fourteen boys from Cramer Cottage at Allendale School at Lake Villa brought joy to 20 elderly men at St. Basil's Rest Home in that village Sunday evening.

Knowing what it is to be alone at Christmas time the boys, orphans or from broken homes, took candy and nuts to the old men. One of the boys dressed as Santa Claus. The boys sang Christmas carols, and some of the elderly men joined in even though their voices were almost inaudible.

Some of the men were bedridden and may never see another Christmas.

When it was time for the boys to leave there were tears in the eyes of a few of the men. Several of the boys had a choked up feeling in their throats. One of the men threw his arms around one of the older boys and embraced him as a son. It was a moving scene.

The boys paid for the party, saving from their weekly allowance of 35 cents. From the money left over after purchasing candy and nuts they purchased magazines for the men. They got the idea for the party last year after talking over the meaning of Christmas with their cottage parents, Mr. and Mrs. C. L. Hopper. Mr. Hopper is school recreation director.

Industrial Power Down After Turbine Explodes Killing Two, Injuring 5

A reduction of 25 per cent in the use of electric power was asked of Lake county's six largest industrial plants this week when an explosion of one of four turbines occurred at the Edison Rockland plant at Stickney in Cook county last week, killing two persons and injuring five.

All four turbines were immobilized with a reduction of 600,000 kilowatts in power for the Chicago area. Although other plants came to the rescue, they could not make up for the heavy demand at this time of the year.

Home owners were asked not to turn on their Christmas decoration lights until after 8 p. m. through the entire area.

One and possibly two of the turbines were to be placed in operation today.

"This is a most crucial moment of the year for electric power—just before Christmas," said E. A. Menke, district supervisor.

Antioch industry was not asked to curtail power as it was during the summer when a flood struck Chicago.

Henry Harris, 66, Dies of Heart Attack

Henry Harris, 66, Voltz Lake, died suddenly Dec. 16, of a heart attack at the home of Mr. and Mrs. Elmer Kosick.

Funeral services were held at 11 a. m. Monday at the Strang Funeral Home with the Rev. Edmond Hood of St. Ignatius Episcopal church officiating. Interment was in Liberty cemetery.

Drunk Smashes Car
The Antioch Rescue Squad was called to the vicinity of the Grass Lake Food store Monday evening by the report of a car accident. They found that an intoxicated man had driven off the road and smashed his car, but that he was unhurt so the first aid men left him alone in his misery.

Senior Tinsel Ball Highlights Teenage Christmas Festivities

One of the highlights of the festivities of the Christmas season will be the Tinsel Ball to be given by the senior class of the Antioch Township High School, from 8:30 to 11:30 p. m. today—Thursday in the school gymnasium.

Committees in charge of the event are:

Decorations—Paul Mattsen, Judie Romer, Lois Flattum, Ed Ring, Fred Clarke, and Mitzi Wolf.

Ticket sales—Marilyn Furlan, chairman, Marlene Freund, Barbara Novak, Jack Lawrence, and Pat Hayden.

Refreshments—Mike Haviland. Band—Phyllis Peterson.

Frank Laurie's band and soloist will provide the music.

A queen will rule over the event, which will be formal.

Many college students, alumni of the school are expected to be present.

Millburn Masons Install Allan Johnson Master

Allan H. Johnson was installed as worshipful master of Millburn Lodge 127, Ancient Free and Accepted Masons at the Millburn temple Saturday evening. He succeeds Chester J. Lundgren.

Others installed for 1955 were: Theodore Messler, senior warden; Lloyd Tavernier, junior warden; Carl Hughes, treasurer; Theodore Eng, secretary; Thomas Harness, chaplain; Donald Craft, senior deacon; Robert Worth, junior deacon; Walter Johns, senior steward; Emery Allison, Junior steward; Clarence Johnson, marshal, and Owey Hollenbeck, tyler.

Installing officers included Guy Simmons, who served as master, and who is right worshipful past district deputy grand master; Marshall Erickson, who is right worshipful district deputy grand master served as marshal. William Jones, worshipful past master served as secretary. Claude Rice, worshipful past master served as chaplain. Miss Ruth Ann Halsma was organist and Miss Sharon Weber, soloist.

Holiday Library Hours

Library hours for the holidays call for service from noon to 4:30 p. m. Friday, and none on Christmas day, when the library will be closed.

Hours on Friday, Dec. 31, will be from noon to 5:30 p. m., and the library will then be closed on New Year's Day.

Census at Two Villages

Barrington will have an interim census starting Jan. 3, and Lake Zurich likewise will start enumerating its citizens on Jan. 11. Both villages are paying the cost in anticipation of increased motor fuel sales tax.

Take Patients on Bus Ride

The Antioch American Legion and Auxiliary sponsored two buses which took 80 patients from Downey hospital on a bus ride through North Chicago and Waukegan Monday evening to see the Christmas decorations. Accompanying them were Mr. and Mrs. John Horan, Mr. and Mrs. Gordon Wald, Mr. and Mrs. John Horan, Jr., and Mrs. Harold Ellis. The patients were given candy and cigarettes.

Do Sewing at Downey

Five members of the American Legion Auxiliary spent Monday at Downey hospital sewing name tags on clothing to be given to the patients for Christmas.

Community Awaits Christmas After Week of Programs

Last Minute Shopping and Arrival of Santa Set For Tomorrow

Church services, special programs, parties this week are leading up to the gayest holiday of the religious year for Christians—Christmas.

Whether a citizen has that faith or not, he is caught up in the holiday spirit that emanates from believers. The bringing of gifts by the wise men or "kings" to the Christ child has its counterpart today in the giving of gifts to relatives and friends.

Saint Nicholas, the patron saint of children of old, now known as Santa Claus, will make his appearance Friday night while the youngsters are asleep and it is the hope of the good people of the community that no stocking will be missed.

Only one or two shopping days are left. Business men will close their stores at 6 p. m. Friday so they can spend the evening with their families.

A Christmas pageant and party will be given for members of the Methodist Sunday school at 7 p. m. this (Thursday) evening at the

On Sunday, Dec. 26, at 11 a. m., college students who are related to the church and are home on vacation will participate in this service. The Rev. Howard Benson will preach the sermon.

The High School Youth Fellowship will meet at the church at 6 p. m. Sunday and then go to the home of Gretchen Biel at Channel Lake Shores for their fellowship meeting. High school youth who are not a part of some other church youth group are invited to attend, church.

At 11 p. m. Friday there will be a Christmas Eve candlelight service at which the choir under the direction of Charles Watson will participate.

There will be solemn midnight mass at St. Peter's church, preceded by a program of Christmas carols. The musical program will be singing by the parish choir under the direction of Mrs. A. J. McGrath.

Members of the choir are: Sopranos, Mrs. Florence Eckert, Mrs. Ann Rogers, Mrs. Irene Rogers, Miss Gail O'Haver, Miss Kathleen Cranley, and Miss Diane Domek; altos—Mrs. Marjorie Solar, Mrs. Florence Yancey, Mrs. Jeanette Packay, Miss Caroline Ploss, and Miss Jill O'Haver; tenors—Sam Lombardo, Mrs. Rose Masopust, Mrs. Irene Griffin, Miss Betty Freund, Mrs. Lillian Quilty; baritone and basses—Edward Cranley, Mr. Ploss, Peter Freund, Robert Mieske.

Soloists before the midnight mass will be Jack Runge, Miss Joan Cervenka, and Miss Rose Anne McGreal.

Other masses will be at 6, 8, 9, 10, and 11 a. m. Christmas day.

High School Concert Draws Largest Crowd; Was Well Received

A crowd that packed the Antioch Township High School auditorium, heard an excellent Christmas program by the students under the direction of Louis Chenette, head of the music department.

One hundred students took part either as vocalists or as members of the school band. The choir occupied the stage while the band was seated in front.

The concert, free to the public, opened with lighter Christmas music, intensified as it progressed and ended with the Hallelujah chorus from "The Messiah."

Special numbers were sung by the glee club, a male quartet, the a cappella chorus, and a girls' sextet.

After the concert most of the crowd remained for a reception in the girls' gymnasium where refreshments were served.

Onestis Want to Open Picnic Ground and Business at Dunn's L.

A hearing has been set for Jan. 6 in the village hall at which time the Lake County Zoning Board of Appeals will receive the request of Mr. and Mrs. Lawrence Onestis for rezoning their Dunn Lake property from residential to business.

Three parcels are concerned in the request. One north of Grass Lake rd. and another south of the road would be used for business, while a 160-foot frontage extending back to the lake would be used as a picnic ground.

The total acreage of the Onestis estate is 2440 acres, much of which has been subdivided.

A Table Is a Symbol

When government becomes the boss of medical practice—whether through outright socialization or some other form of domination—the standards of care inevitably decline.

That isn't just a theoretical argument. We have witnessed it in Britain's socialized medicine program. Observer after observer has reported that doctors have been grossly overworked, that there has been a dangerous decline in time and facilities for research, and that masses of patients have been receiving inadequate care. In addition, the taxpayers have been socked hard to meet the costs.

An interesting sidelight on communist medicine, which is 100 per cent government dictated, comes from Bart N. Stephens, a Public Affairs Officer for the U. S. Information Agency, who recently returned from a tour of duty in Salonika, Greece. At the Salonika International Trade Fair the Soviets had a huge propaganda exhibit designed to show the superiority of Russian goods and services. Many of the wares on exhibit, he said, were inferior to those presently on the Greek market. Then he added: "An American naval medical officer who visited the Russian exhibit with me said that the operating room equipment was similar to that used by the American doctors thirty years ago. He pointed out an operating table where the doctor had to crawl back and forth under it to adjust it."

That operating table is symbolic of what happens when government takes over, and power-hungry bureaucrats made the decisions and gave the orders.

Government Monopoly Is the Worst

President Eisenhower succinctly explained one big reason for his opposition to monopolistic federal power development in these words: "Monopoly is always potentially dangerous to freedom—even when monopoly is exercised by government."

Of this, the Saturday Evening Post said editorially, "Indeed President Eisenhower might have said 'particularly when exercised by government.' Government can restrain private monopoly, but who shall restrain the excesses of government monopoly?"

The Post is 100 per cent right. The power of law has been used, with full success, both to break up private monopolies where they existed and to prevent the creation of new monopolies. In the case of the power industry and other utilities the problem has been solved by state and federal regulation that sees to it that the consumer gets the right kind of service at the right price.

Any government-owned enterprise is beyond the reach of the people. To all practical purposes, it is often also beyond the effective reach of Congress or the Executive branch. If federal domination is exercised in a so vitally essential field as a region's power supply, local government, local enterprise, and

local citizens are helpless. The entrenched officials who operate the monopoly hold what amounts to life and death power over agriculture and enterprise.

Carry this far enough, and we have tyranny. Honest liberals will always fight monopoly—and monopoly by government most of all.

Breaks for the Motorist

An amusing, and also significant, commentary on the kind of service we expect from service stations is found in a sign a New England operator posted when he took a vacation. It read: "We are closing up for two weeks. The services we usually provide may be had at the following places: 1. General information—from cop on beat. 2. Cokes—at corner drug-store. 3. Rest Rooms—at home. 4. Change at bank across the street. 5. Petty Loan—also at bank across the street. 6. Charity—at County farm. 7. Matches—from passerby. 8. Daily newspapers—from newsboy. 9. Loafing—in the street."

Actually—all humorous exaggerations to one side—the typical American service station knows no superiors and few equals. It is symbolic of our highly competitive oil industry in particular—and our free system of doing things in general. The contrast with the service stations in most other countries is striking. When the retired president of the Automotive Safety Foundation returned from a European motor trip last summer he was asked about the foreign stations, and he said: "Nobody wiped my windshield or checked my oil. They have simply never heard of such a thing as service over there. What do you mean, were the rest rooms clean? They never heard of rest rooms... As for the TBA—as we call tires, batteries and accessories sales—they never heard of that either."

The American motorist really gets the breaks.

The Low Down From Hickory Grove

This flickering flare-up about Govt. power at TVA by a little group in our U. S. A. Senate who don't seem even mildly pleased at any time with anything much that happens or goes on, is like sneaking sand into the bearings of a fine locomotive or piling ties on the track. It just hampers the "go ahead" that brings plenty to our land. This little set of objectivists that always appears mad about something or other—and hard to get along with in the Senate, are more or less likely to be a problem around home too. You know, says Henry, that in Arizona down on the Gila river around Hassayampa there is a hydrophobia skunk — always mad, too. Tut! Tut! Henry, I says, that's meandering pretty far. Don't be so petulant. Excuse me, says Henry.

But proceeding. Across the border—in Canada, in Ontario there—they been tinkering for years with power houses manned by politicians, and instead of things getting better and better there, they grew worse and worse as I read it in the papers from up there in that land of the Maple Leaf.

The main trouble is in the state of Ontario where Govt. power—HYDRO they call it—must now charge higher rates than do the surrounding private companies and which are not tax exempt. Our TVA is just a U. S. A. carbon copy of Ontario's HYDRO socialist tinkering with a buzz saw. The Northern Miner (Toronto) has a mournful story of the HYDRO mess—and how it is handicapping Canada's further growth.

Yours with the low down,

JO SERRA

LAKE VILLA

The Community Church school presented its annual Christmas program at the church on Sunday evening and the Rev. Plummer's sermon topic for the worship service at 11 a. m. was "Man at His Best."

The Cherub and Senior choirs furnished special music for the service. On Wednesday evening the M. Y. F. met at the church and went caroling. They later returned to the church for a party and gift exchange. On Friday evening at 11 p. m. a Christmas Eve candle-light service will be held at the church.

Mr. and Mrs. William Fish who live east of the village will have their family home for Christmas. They include the Jake Fish family of Lake Villa, the Howard Fish family of Algonquin and the Chester Hamann family of Waukegan.

Sidney Wallace, a former resident here, now living in Waukegan was able to come home from the hospital Saturday after a two months' stay for surgery and is now with his

daughter for a time.

L. J. Tweed of Monaville has been confined to his home by illness during the past two weeks.

Cedar Lake Royal Neighbors held its regular meeting at the village hall last Tuesday evening with pot luck supper at 6:30 followed by the meeting at 2 o'clock which included election of officers as follows: Oracle, Mabelle Selter; past oracle,

Mary Davis; vice oracle, Jerri Polson; chancellor, Elizabeth Anginger; recorder, Helen Fish; receiver, Matilda Bartlett; marshal, Georgia Avery; inner sentinel, Ethel Wood; outer sentinel, Edna Botts; flag bearer, Lela Barnstable. The appointed graces are V. Langosch, Bertha Fish, Marjorie Helm, Mary Hriblan and Irene Brown. Cecille Blumenschein was appointed captain of the degree staff, also elected as manager for a three year term. Installation will take place in January. A Christmas party was held following the meeting, with exchange of gifts.

The Pinochle club met last Tuesday afternoon with Mrs. Anna Nader at her home for the after-

noon of pinochle games after the luncheon. This was also a Christmas party with gift exchange.

Allendale school for boys has closed for the holiday vacation and many of the boys are visiting relatives or friends. In the meantime teachers and housemothers are also having a vacation and Mrs. Ethel Wood is spending hers with relatives in Evanston.

James Hamlin is with his parents, Mr. and Mrs. Clayton Hamlin for his holiday vacation, and Bob Hamlin is with his parents, the Lester Hamlins. Both boys are students at St. Bede's College at Peru, Ill.

In place of the regular P. T. A. meeting at the school on Monday evening the annual school children's Christmas program was given. The afternoon kindergarten class and first, second and third graders presented tableaux representing the nativity, under direction of Mrs. Walter Aschenbrenner. The chorus of fourth, fifth and sixth graders sang Christmas carols and the Junior and Senior bands played Christmas music. Mr. Thala Rush is their director.

If you are planning to rearrange your furniture, save your efforts by making cutouts to scale and moving the "heavy" pieces around while you decide. It will give you a chance to try your furniture in many different arrangements, without disrupting your home.

Balanced diet is very important for young hogs. Successful Farming Magazine reports a farmer who thought that some of his shoats had chronic erysipelas. It turned out that the reason for their lameness and enlarged joints was improper diet.

Illinois and Louisiana 4-H clubs tried a "swap" that proved to be a very interesting and successful last summer. The two counties traded clubs for a week and the result was a good time for all as well as better understanding among the

youngsters, according to the Novem-
ber issue of Successful Farming.

Cub Scouts Induct Nine, Have Christmas Party, Give Presents to Parents

Pack 80 Cub Scouts inducted nine new Scouts in the last two pack meetings. In November the Bobcats welcomed to the pack were Dennis Jensen, David Cogdill, Billy Ream, Wayne Ream, John Shunnesson, Joseph Anzinger and Tommy Coons. Three Wolf badges were also awarded to Johnny Burke, Jackie Mazucca and Tommy Tutten. A Bear badge was awarded to Bobby Hart.

In December the pack welcomed two Bobcats, Bruce Deutsch and Jeffrey Hines. After the induction ceremony everyone present enjoyed a Christmas party. Candy and crackerjack were given to every child present. A grab bag also was enjoyed by Cubs.

The parents were presented a magazine rack which was made by the boys in the handicraft class held on Saturday morning and supervised by some of the boys' fathers. Cake and coffee were served as refreshments.

Grass Lake Brownie Troop Gives Party

A Christmas treat is in store for the residents of the German Hungarian Advisory House on Dec. 22 when Brownie Troop 11 of Grass Lake will delight them with both German and American carols. The girls will present each person with foil Christmas baskets made by the Brownies, having them filled with candy. Cigarettes will also be distributed. This will be the second year the girls have entertained at the home.

RAINBOW GIRLS TO HAVE PARTY, DRILL, DANCE AT MEDINAH TEMPLE

Members of the Antioch Assembly, Order of the Rainbow for Girls, have been invited to a program and dance planned for Masonic youth organizations at Medinah Temple, North Wabash and Ohio sts. in Chicago at 8 p. m. Monday, Dec. 27.

The Rainbow Girls have been asked to present a short drill after which the four youth organizations jointly will form a large cross on the stage.

The drills will be preceded by a pageant given by Medinah Shrine. At 9:30 there will be dancing for all.

M. A. Stillwaugh, Illustrious Potentate of Medinah Temple, will have charge of the drills. There will be practice at 2 p. m. Sunday and girls who take part in the drill will wear long white or pastel formal. Members of the Antioch assembly planning to attend are to call their Mother Advisor Mrs. C. L. Heath, 835-M.

MRS. HUNTER TO HEAD O. E. S. PAST MATRONS

Mrs. Martha Hunter was chosen president of the Antioch Chapter Order of Eastern Star Past Matrons club, at a meeting held at the home of Mrs. Ida Osmond Thursday evening. Mrs. Margaret Gaston was elected to the office of secretary-treasurer. Cards were played during the evening and a luncheon served by the hostesses.

Members of Antioch Bel-Aire Beauty Salon bowling team and their guests enjoyed a dinner and Christmas party at Smart's Country House, Tuesday evening.

In surroundings similar to that in which the Christ child was born, members of the Church of the Holy Family held their Christmas worship service Sunday in a stable at the former Chesney Farms stable west of Lake Villa.

The new Episcopalian mission serving the Fox Lake area, was started last summer and its name was decided upon because of the fact that the present building was a stable and reminded the parishioners of the beginnings of the Holy Religion in Bethlehem nearly 2,000 years ago.

There was no lowering of cattle as on the night when the Christ child was born in a manger, and there were no shepherds visiting the stable at midnight, but there were men at the church until late at night working in a vain effort to repair the heating system.

Children wore their overcoats as they met for Sunday school seated on bales of hay in a box stall, for the mercury hovered around 40 degrees.

The church service conducted by the Rev. Louis Sigman, seminary student from Nashotah House, Waukesha, Wis., was held in the carriage room, fitted up as the sanctuary. The service was brief because of the cold, but the surroundings brought vividly to the congregation the message of the humble birth of the Savior.

The Church of the Holy Family was started by Father Jon Smedberg of Grayslake with the approval of Bishop Burrill of Chicago. There is an average attendance of 40. A youth group has been formed.

The Chesney Farms, formerly owned by the Lehmann family, recently was subdivided and is known as Fox Lake Hills. It is situated at the intersection of Grand Ave. and Rte. 59.

REMEMBER GOOD MANNERS FOR SAFER DRIVING

The next time you are feeling tired, irritable, in a hurry but snarled up in heavy traffic, do yourself a favor. Relax and take it easy. Instead of leaning on the horn, moving from one lane to another, giving those around you a bad time, keep alert to the driving problem at hand. Maintain a safe distance between your car and the car ahead and stay in line. Use the horn only as a signal. You can help prevent an accident—help yourself and others. Try it.

Rockford Physician Named to Selective Service Appeal Board

Dr. William S. Keenan, prominent physician of Rockford, has been appointed by the President of the United States to serve as a member of Selective Service Appeal Board Panel XI. It was announced today by Colonel Paul G. Armstrong, Illinois State Director of Selective Service.

A veteran of World War II, Dr. Keenan served with the Army Medical Corps in Japan. He is a member of the Elks Club of Rockford and the Winnebago County Medical Society. His home is at 2019 Price st., Rockford.

Appeal Board Panel XI acts on Selective Service appeal cases from all counties in the Northern Federal Judicial District of Illinois with the exception of Cook and DuPage. Colonel Armstrong said. Each appeal board panel is a composite board, he explained, being made up of one physician, one lawyer, one farmer, one member from labor and one from industry. An appeal board has jurisdiction to affirm or change any decision appealed to it from a local board. Members serve on a patriotic voluntary basis and receive no compensation.

McLains Visit Hennings

Mr. and Mrs. Clyde McLain and two children arrived here last Friday from Berkeley, Calif., to visit her parents, Mr. and Mrs. C. E. Hennings. They left on Tuesday for Wheeling, W. Va. to visit Mr. McLain's mother over Christmas, and will then return here to spend New Years with the Hennings. They will remain for the wedding of Mrs. McLain's sister, Miss Theodora Hennings. She will wed Harry Kutz of Beloit on Jan. 8. Mr. McLain is a chief petty officer in the naval reserve.

Mr. and Mrs. Walter Curtis left Antioch Monday for a few days' visit with relatives at Flint, Mich.

Lost Driver Also Loses Wife, Car, Trailer

RICHMOND, Va.—T. J. Richardson of Seattle, Wash., lost U. S. 1 on his way through Richmond to Florida and started a chain of events.

He stepped out of his car to look for a road sign, walked several blocks and lost his way. When he finally found a police station, he reported he now had lost one car, one 18-foot yellow trailer and a wife who couldn't drive.

Police found the wife, car, and trailer—then Mrs. Richardson reported she had lost in the meantime one wallet, a pocketbook, a pair of glasses and a set of false teeth.

Best of Six Husbands Turns Sour From Sweet

DETROIT—Sweet can change to sour awful fast, believes a local judge.

When Roy M. Roy, 26, won a suspended sentence on a minor traffic violation last May, his wife, Sally, 56, told the court:

"Judge, he's sweet. He doesn't drink or carouse and he's the best husband I ever had. I oughta know. I've had six of them."

Recently Roy and Sally were back in court, Sally as the plaintiff.

She tenderly rubbed a bruised mouth and told Judge W. McKay Skillman:

"Judge, he's awful. He's ornery and cheap and common. He's the worst husband I ever had."

Almost Saved It
LOUISVILLE, Ky.—A slip of the mind helped increase the thieves' loot at Robert F. Hughes' grocery store.

Before Hughes closed his store he put \$500 in a brief case to take home. He forgot the brief case and left it on a counter.

The money and merchandise valued at about \$240 were gone the next morning.

Railroads Speeding Up For Faster Travel

WASHINGTON—Railroad timetables are being revised to provide faster train service on major lines, thanks to diesel engines.

In recent tests a new diesel-electric train called the Talgo reached a top speed of 102 miles an hour over the New Haven railroad's shore line. Officials hope to have the new equipment in operation sometime in 1955, maintaining an 85-mile-an-hour average between New York and Boston, which would cut more than one hour from the New Haven's present four-hour running time.

Fastest regular schedule now is the Chicago, Burlington and Quincy Railroad's Zephyr, run between East Dubuque, Ill., and Prairie du Chien, Wis. The train covers 54.6 miles at an average speed of 86.2 miles an hour.

The Illinois Central Railroad averages 81.8 mph. on a 53.2 mile run between Effingham and Centerville, Ill.

Woman Asks Police to Make It Stop Raining

OCDESBURG, N. Y.—Except for one entry Patrolman James E. Doe made on the police blotter during a recent rainy day, things were mighty dull.

The entry went like this—"Attention: Mark Twain! At 10:51 a.m. E.D.T. a telephone call was received at this station from a person (female) who refused to offer any identification and who demanded in a stentorian tone that the department take immediate action to prevent further rainfall."

Two Winners
DETROIT LAKES, Minn.—Two Becker County Jail prisoners divided a \$5 reward for turning in a thief.

Sheriff David Wennerstrom had offered the reward to any prisoner who would spot and turn in a thief who had been pilfering parked cars near the jail.

HICKORY

Mr. and Mrs. William Richards are the proud grandparents of twin girls, born Thursday, Dec. 16, to Mr. and Mrs. Louie Lingard of Armstrong, Iowa. The babies weighed 6 lbs. and 5 lbs. 10 oz. respectively. Mrs. Lingard is the former Shirley Richards.

Mr. and Mrs. Emmet King returned home Friday night, Dec. 17, from their two weeks tour of Florida and New York. They attended the annual meeting of the American Farm Bureau Federation held in New York City and visited various points of interest.

Sunday afternoon callers at the Earle Crawford home were Mr. and Mrs. Ray Wells of Waukegan. Sunday evening callers were Mr. and Mrs. Chauncey Dewey of North Chicago.

Mr. and Mrs. Hans Christensen of Waukegan were Sunday evening callers at the N. C. Christensen home.

Once Banned, Music Now Vital Part Of Church Rites

CHICAGO—Organ music plays so vital a part in the beauty of the worship services of almost all religious faiths today it is hard to realize that there was a time when instrumental music was not allowed in the church. It has been only three or four hundred years since man has had the kind of music and the kind of musical instruments he feels worthy of his devotion to God.

The organ was developed for many centuries, before it became associated with the church service. In fact, many other instruments were used for music in the church before the organ took its present place. The bass violin was frequently used in early American and some European churches for background music because of its dominance in rhythm and because it "fortified" the bass singers, balancing the usual predominance of sopranos.

Early American worshippers resisted the adoption of the organ as background for the church service. The first movement toward instrumental music in American churches began with the attempt of a Boston Puritan to donate an organ to his church in 1713. It was not accepted by his church, but was used in King's Chapel in Boston. This was the same organ that fascinated young Benjamin Franklin and sounded the dirge for George Washington.

Rubber Railroad Crossing Is Latest

AKRON, Ohio—This city, the rubber center of the world, now has the first rubber railroad crossing in the world.

Installed on the main track of the Erie Railroad, the material for the crossing roadway was supplied by the Goodyear Tire & Rubber Company.

As automobiles roll smoothly over the tracks, engineers predict that the rubber installation will eliminate one of the major irritations of motorists and prove as a boon to railroads through greatly reduced maintenance expenses.

Possibilities for similar installations include thousands of places where streets and highways cross railroad tracks throughout the country; railroad station areas where passengers and baggage trucks must cross one or more sets of tracks; and factory receiving and shipping areas where similar conditions are encountered.

The rubber vehicular roadway between the tracks is built with slabs of rubber measuring 36" wide x 59" long. They are three inches thick, with heavy gauge steel sandwiched within each slab. The rubber roadway rests on treated wooden planking and slabs have tapered flanges which meet the rails to form a watertight wedge.

Litterbug Suggested For Car Litterbugs

CHICAGO—Litterbugs are really not bugs—they're people.

They are persons who throw away items like orange peels, paper handkerchiefs, empty cigarette packages. They throw these things everywhere but in baskets or other receptacles designed to keep public places tidy.

Some litterbugs are pedestrians, but there is a large group of them among motorists. Now, for the litterbug, there has been invented—a litterbug.

The suggestion has been sent to the American Public Works Association that litterbugs be made of disposable paper with a container to be fastened inside cars.

These would be passed out to customers at gasoline service stations. Then, says the suggestion, to assure that the bugs themselves would not wind up on streets and sidewalks, the stations could serve as collection depots.

Model Braves Flames To Save—Lipstick

SAN FRANCISCO—Pat James, a pretty 21-year-old model, wouldn't be caught dead without her lipstick on.

She proved that when an early morning fire swept through an old San Francisco mansion, trapping her and seven other residents in upstairs apartments.

When Fireman Leo Sutton scrambled up an extension ladder to pluck Miss James off a third floor ledge, the girl suddenly ducked back in to her smoke-filled room. She appeared a few seconds later, explaining she had gone back for her lipstick.

Patient Flees
GALAX, Virginia—Jackie Feltz, 10, just wasn't in the mood for a tonsillectomy and neither snow, nurse, nor carefully rigged operating room could change his mind. Jackie jumped off the operating table, ran out of the hospital barefooted, through a snowstorm, to the safety of his home.

He did some fancy broken-belt running in eluding the hospital staff, police, and other pursuers. The operation was postponed.

History-Minded Americans Tour Presidents' Homes

WASHINGTON—History-minded Americans are each year spending more and more of their vacation hours visiting the manor houses, farm homesteads, shops and rustic cabins in 13 states where Presidents of the United States have lived.

The homes of at least 23 Presidents are now public museums and nearly all of them contain furnishings and memorabilia of their famous occupants.

Hyde Park, near Poughkeepsie, N. Y., residence of Franklin D. Roosevelt, was made a national historic site in 1944. Also in New York State is the birthplace of Theodore Roosevelt, now a museum and Sagamore Hill, Teddy's Long Island residence, also a national shrine; the home of Martin Van Buren, and the cottage at Wilton, where Ulysses S. Grant died.

At Hillsborough, N. H. is the early home of Franklin Pierce and at Plymouth, Vt., the combination store, post office, and cottage where Calvin Coolidge was born and where he was sworn in as President by his father. At Quincy, Mass., is a memorial to John Adams and his son, John Quincy Adams.

Tennessee boasts the homes of three Presidents, all museums. Most famous is Andrew Jackson's mansion, The Hermitage, near Nashville. James K. Polk's home was at Columbia and Andrew Johnson's home, tailor shop and grave at Greenville are national monuments.

The only home Abraham Lincoln ever owned, at Springfield, Ill., is constantly full of visitors, as is Hodgenville, Kentucky, site of a log cabin considered to be Lincoln's birthplace.

Nine Out of Ten Smokers Cancerless

NEW YORK—A leading cancer laboratory, the Sloan-Kettering Institute—says that nine out of 10 heavy smokers do not get lung cancer—although four of each five lung cancers are believed to be due to smoking.

There are indications, the institute adds, that the balance of sex hormones and other hormones determines an individual's resistance of susceptibility to cancer.

In a progress report the institute said that it has succeeded in growing normal human lung tissue in laboratory animals and will use this tissue to determine "whether or not the components of cigarette smoke that cause cancer in mouse skin will also do so in the human lung."

The institute uses a smoking machine to condense cigarette smoke, which is then divided into chemically definable fractions. The chemicals are then tested to determine which contain the agent that causes cancer in a mouse.

High School Report Card Takes On New Look

CHICAGO—The old report card isn't quite what it used to be.

H. V. Henniger, superintendent of the Lakeview community schools at Decatur, Illinois, told the Illinois Association of School Boards about his district's new high school report.

This is a folder 19 by 10 inches which gives parents a comprehensive seven-point evaluation of the student's progress in each study. Ratings used are superior, above average, average, below average, and failing.

The pupil is rated on how he gets along with others, whether he shows self-direction, how critically he reads and thinks, his skill in speaking, listening and writing, knowledge of subject matter, use of special class skills, and total development.

Jet Pilot Crashes To Save Other Lives

TOUL, France—A 33-year-old American World War II ace died here in the crash of his Sabrejet fighter, rather than risk killing some of his men in an emergency landing.

Lt. Col. John England, commander of the 389th Fighter Bomb Squadron, pulled his plane up short of the runway at this American base when he realized his powerless plane might hit a barracks.

The Alexandria, La., flier had a fair chance of making the runway safely, officials said. England and two other pilots were returning from a routine training flight when the crash occurred.

Call for G String

LONDON, England—The audience at a London concert hall was startled before a recital by Joseph Szigeti when the public-address system boomed: "Is there a G string in the house?"

Violinist Szigeti had snapped his regular and spare G strings. Music student James Gosling, 21, came down from the gallery with a G string and the recital went on—15 minutes late.

Tot View Tree in Antioch Bank

William New and children are quite impressed with the 20-foot high Christmas tree in the State Bank of Antioch. The tree, placed in the center of the bank lobby, is perhaps the largest indoor tree ever erected in the village. (George Borovicka Photo)

Public Is Saving At Near Record Peacetime Rate

CHICAGO—The American public has been saving at a near-record peacetime rate—paying off debts, stowing away dollars, buying more U. S. Savings bonds, putting more into state and municipal bonds and investing more in savings and loan shares.

In the first six months of 1954, time deposits in the country's commercial and savings banks increased more than \$5 billion, according to a study by the Chicago Federal Reserve Bank . . . biggest increase at any time since the war. Such deposits now total \$72 billion.

The total insurance "equity" of the American public reached a record \$79.1 billion in the year ending last June—more than 80 per cent above the previous level.

In the same period, public insurance and pension reserves expanded by \$2.7 billion. Investments in savings and loan associations jumped \$4 billion, bring total holdings to \$25.1 billion—three times the level of 1945, the last full war year.

Individuals are buying U. S. savings bonds at a record peacetime rate. September's net purchases amounted to \$637 million, the highest monthly figure since 1945.

People Don't Fall In Love—But Learn

EAST LANSING, Mich.—Falling in love just isn't done, regardless of what the song writers say. No one "falls" into love, instead, we all learn to love as we learn to walk and talk.

So says Dr. Elmer Knowles, of Michigan State College's department of home management and child development. He says: "We grow into love and it grows in us beginning with birth. So, most of us have considerable experience in loving and being loved by the time we feel grown-up enough to get married."

He adds: "As children we learned to love mom and dad and our sisters and brothers. Then we learned to love our playmates, uncles who bought us presents and friends of the family. Most of us became fond of one or more of our school teachers. And then came the first big crush of puppy love."

Love, he explains, involves the entire personality; infatuation focuses on a few traits, mostly physical. When young couple enjoy another's company only when dating in the moonlight and have nothing in common in everyday life, they're not really in love.

True love is outgoing. When a couple brings new energy and ambition into each other's lives—that indicates real love rather than infatuation.

Man Willing \$40,000 By Woman He Met Once

CUYLER, N. Y.—A bachelor, willing \$40,000 by a woman he saw one time, took to dinner and never saw again, said, "She must have been lonely."

Joe Kogut, 45-year-old railroad, was attending a convention in Chicago when he met Miss Margaret Jorgenson of Oshkosh, Wis., in an elevator four years ago.

He recalls he had come down a hotel elevator. The election was just over, so he remarked to a lady, "It's been a rough day for the Democrats, hasn't it?"

It turned out, he recalls that she was a "rock-ribbed Republican." They had a mild discussion, he said, he took her to dinner and they said good-bye. He sent Christmas cards, she wrote "a few times."

Miss Jorgenson died in 1951, at age 66 and willed him all of her \$142,000 estate. Her relatives claimed and won a large share of her estate. Attorney fees claimed another chunk. Kogut got \$40,000.

Pearl Fishing Anew Off East India Coast

MADRAS, India—Pearl fishing is due to start again off the coast of Madras after more than 20 years.

Recent investigations by the State Fisheries Department disclosed the existence of fully developed oysters in the "pearl banks" of Tuticorin, an east-coast port of South Madras.

A survey carried out in November 1952, struck a large shoal of "spats"—unmatured pearl oysters. Later expeditions confirmed that this shoal was maintaining its strength.

There are about 40 main "pearl banks" over a 100-mile stretch of sea from Cape Comorin to Tranquebar on the Gulf of Mannar.

Horse Pinched
DIXON, Illinois—It was a "horse" on somebody when City Fireman Chester Santeland's saddle horse broke loose from its barn. Policeman Frank Chapman "pinched" the animal for staying overtime at a parking meter.

Bowling

Ladies' Friday Nite Handicap

December 17, 1954
Horseshoe Bar took high team series with games of 788-779-684—totaling 2251.

Hilda Segelka was high individual scorer with games of 214-172-180, for a total of 566.

Ruralite won two games from State Bank.

Hamm's took all three games from Barnstable and Brogan.

Horseshoe Bar won all three games from Olsen Furniture.

Old Orchard Inn won two from Lake Villa Pharmacy.

Ben Franklin won all three from Reeves.

Frank Kowal, 77, Buried Tuesday

Frank Kowal, 77, Klondike Point, Antioch, died Sunday at his home following a year's illness.

Mr. Kowal was born April 23, 1882 in Dabrowa, Poland. He came to America, living in Niagara Falls for 30 years, afterward moving to

Chicago previous to coming to Antioch in 1947. His life's work was that of laborer in the building trade. Survivors are his wife Anna and four step-children: Mrs. Stella Jasek, Niagara Falls, Mrs. Wanda Kitzmiller, Antioch, Stanley and Leo Wygrzyn both of Chicago.

Funeral services were held at 11 o'clock Tuesday morning at the Strang Funeral home.
